

The Skinny on Outhouses

Written by The Directors

Thursday, 13 September 2012 01:24 -

The big field has caused us to augment our normal service level, and that includes dealing with . . . well, you know. We'll have more outhouses this year! Good news for all runners.

Official Equinox outhouses will be at these locations:

Patty Center - four outhouses

Goldstream Sports parking lot/relay exchange 1 - two outhouses

Ester Dome saddle between antenna summits/relay exchange 2 - two outhouses

In addition there are a few "unofficial" outhouses along the route, to the use of which by runners the owners have not objected in the past.

And there are many trees.

Please be considerate of any residents along the route. If you must use the trees, please try to stay as far as possible from any human habitation.
