Click on the links below to see maps, profiles, descriptions, etc. of the Equinox Marathon

[Comprehensive map of Marathon, Relay and Ultramarathon with Water Stops, Relay Exchanges, Traffic Control, etc.](#)

(3 MB, JPG, 11"x17")

RELAY RUNNERS NOTE: The map at the above link includes the relay exchange points. Those exchange points are labeled as "Rx1" and "Rx2". Your browser should support the ability to magnify the map so that you can see these points better. Relay exchange 1 is near the 8-mile mark, and relay exchange 2 is near the 17-mile mark.
