

# Complete List of Finishers In '65 Equinox Marathon

The official list of finishers in the University of Alaska's Equinox Marathon shows that a total of 329 did finish the race — 46 men, 144 boys, 125 girls, and 14 women. An additional 24 persons crossed the finish line but were disqualified for missing one or more checkpoints. There were also 257 persons who made application but did not finish the race, either because of dropping out along the way or because they did not start.

The following lists are broken down to the four groupings of the race — men, boys, girls, and women. Times for the first five in three classes and the first ten in the men's class are listed. The number preceding the name is the place of finish in that group, and the letter afterward is the school, affiliation, or residence of the competitor.

A double asterisk after a time indicates it is a new record and a single asterisk indicates the time was faster than the previous record.

Code: A-Anchorage, C-College, E-Eielson, F-Fairbanks, FG-Ft. Greely, FR-Ft. Richardson, FW-Ft. Wainwright, HA-Hamilton Acres, I-Independent, L-Lathrop High School, M-Main Junior High School, Mon-Monroe High School, NP-North Pole, UA-University of Alaska, and US-United States Army biathlon team, Ft. Richardson.
